I've been doing web development for 2 years, 1 of which is commercial. I create minimalistic and stylish web applications. I have skills of **REST API** integration for effective interaction with backend services. I continue to learn and improve my skills. I strive to grow in a team of professionals and participate in projects of various sizes at the **intern** or **junior** level.

SKILLS

- HTML, CSS
- JavaScript
- TypeScript
- React.js
- Next.js
- Git
